Sir:

SUPPLEMENTAL DECLARATION

I, Yoshifumi Okita, declare that:

I am the Applicant in this patent application.

I have reviewed and understand the contents of this patent application, including the subject matter of this application as it has been amended, and in particular the subject matter of

X the invention as defined by the claims as allowed

X the invention as defined by the amendment(s) filed on or about

March 25, 2004

 the invention as defined by the Examiner's Amendment dated

 the attached amendment

and I confirm that said subject matter was part of my invention, was invented before I filed my original application for my invention, and that the specification, claims and drawings as amended, finally approved and allowed accurately describe what I regard to be my invention.

I acknowledge the duty to disclose to the U.S. Patent Office all information known to me that is material to the patentability of any claim in accordance with Title 37, Code of Federal Regulations, §1.56, and which is material to the examination of this application, namely, information where there is a substantial likelihood that a reasonable examiner would consider it important in deciding whether to allow the application to issue as a patent.

I declare further that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

DATED this 12th day of December 2004.
